Vineyard Floor Management Alternative Field Demonstration**Date: Tuesday, June 11, 2002****Time: 10:00AM to 12:00 Noon****Location: Loma Vista Vineyards
42100 El Camino Real
Greenfield**

Results to date from the Vineyard Floor Management Alternatives research trial funded by the Department of Pesticide Regulation Reduced-Risk Pest Management Grant will be discussed by UC Farm Advisors Richard Smith, Larry Bettiga and Michael Cahn; Kendra Baumgartner, USDA; and Jeff Mitchell, UC KAC. Issues associated with the reduced use of pre-emergent herbicides will be discussed.

The vineyard staff from Valley Farm Management will discuss and demonstrate weed control strategies and equipment being used on-site. Chris O'Connor will be available to discuss the activities of the Central Coast Vineyard Team for 2002.

Directions: At Greenfield take Espinosa Road (this is the first Greenfield exit if heading north on 101) and go to the westside of US 101 and look for signs for the demonstration site.

California Department of Pesticide Regulation credits have been requested.
